Nevada Benefits Foundation,

Thank you very much for the "Defending Freedom" wristbands. I received one from a friend about a month ago and loved it. The idea that we each can carry something in common, that binds us a friends and family, united for a single cause. This is why I contacted Nevada Benefits Foundation and requested enough for my company (Company C, 50th MSB, 42nd ID). I appreciate the thought and generosity that your foundation has done for us. Just realize you have touched these soldiers one way or another, and we are all very appreciative.

Thank you and God Bless,

A handwritten signature in black ink, which appears to read "Nick Lucarelli".
