On behalf of the 72nd Military Police Company, the Nevada Army National Guard, and the State of Nevada, we would like to thank you and express our deepest gratitude for your support during the unit's most recent deployment. The care packages of cookies, sent by your Girl Scouts, were well received by the Soldiers assigned to the unit. Not only did every Soldier have an option to get a box of cookies, but there was such an abundant amount that Soldiers were able to choose the flavor they wanted. There was such a large amount of your donations that not only were the Soldiers of the 72nd given boxes of cookies, but the unit also passed on numerous amounts to their adjacent units, furthering the support given by the Las Vegas Chapter of the Girl Scouts.

Nothing is more readily accepted by a Soldier than the ability to choose for themselves. Your organization, moreover the Girl Scouts involved, made that possible. You have begun the development of future leaders of America, by teaching these young Americans the value of support and caring for something and someone other than themselves. As a whole, Soldiers are taught the value of service and support for the citizens of the United States of America, and these young Girl Scouts have now joined the ranks of citizens that have lived to support their country.

The Soldiers of the 72nd Military Police Company wish all the Girl Scouts of Southern Nevada the best in all of their future endeavors and would like to extend their warmest thanks for the support received. Please pass on to all involved that their support packages brightened the day of each Soldier serving their country in an unfriendly environment, far away from the comforts of home, and that the support shown through these donations and acts of kindness will not be forgotten by the Soldiers of the 72nd Military Police Company.

Sincerely,

Members of the 72nd Military Police Company
