Dear Mr. & Mrs. Randazzo,

The soldiers of this brigade and I thank you for your invaluable support. Your Defending Freedom Bracelets and donation to the brigade is appreciated by each and every one of our soldiers.

The morale here in Iraq is still high, especially when soldiers are receiving the kind of support from great Americans such as you. We are winning the battles and most importantly the hearts and minds of the Iraqi people. Together we are building a new Iraq where Iraqis can finally live a life they once thought was impossible...to live free.

It is truly a blessing to have patriotic Americans supporting the troops and our great nation as we continue to fight the war on terror. The continuation of support across our nation is most evident through personal acts of kindness such as yours. I thank you again for your invaluable support. God bless you and God Bless America!

Sincerely,
